NEVER·LOOK·BACK...

## Electrosound 64

Commodore 64

The complete electronic music package for the novice and the professional musician.

- Full feature electronic synthesizer
- Programmable drum machine
- Superb digital sequencer
- Comprehensive, detailed user guide
- 5 sets of preset voices
- Impressive music demonstration
- Disc or cassette storage

Use Electrosound 64 to create incredible music and sound effects. Play the keyboard manually with three note polyphony or build up complete sequences and tracks. Electrosound allows you to design your own sounds with full control of waveform, envelope, filtering, triggering and sweep.
